THE OPPORTUNITY

Add Voice AI to Your Retainer Stack

Agencies use Help Genie to deliver measurable conversion lift: genies on client sites, ads, and GMB listings that answer, qualify, and route.

Why digital agencies win with a genie

- Ship a new SKU without hiring voice engineers
- Prove ROI with call logs, lead capture, and conversation reports
- Differentiate retainers beyond ads and SEO alone

How agencies make money

Bundle genie setup into onboarding (\$750 to \$3,000) and add \$149 to \$499 monthly per client for tuning, reporting, and optimization. Multi-location clients expand MRR quickly.

Your path

Start as a **Referral** partner sending warm intros. Move to **Implementer** after your first client launch to set your own pricing and keep the spread. Grow to **Strategic** when you roll Help Genie across your whole book with co-marketing support.
